

Dear Parents,

I wanted to announce that next year we will be expanding the Seedsowers program to five days a week instead of the current four day, Tuesday through Friday schedule.

I have two reasons for the expansion:

First of all, God has blessed Seedsowers with a growing waiting list and I am finding more demand for three day options with many students. Due to the growing list we are having to turn away more families than we would like. Please encourage any friends or acquaintances considering the program to submit the prospective parent packet early to secure a spot on the waiting list.

Secondly, I have always considered Seedsowers both a business and a ministry. Due to the uncertain economy times we are in I feel it is important to maintain the current pricing as long as we can so that it does not become an additional challenge for families to reach their financial commitments. By adding the extra days, this helps offset growing costs.

An important schedule change for next year is that we will be going from two weeks at spring break to one week. Instead of the second week, I am taking those five days and using them as field trip days and spreading them out through the year. For example, during one month the field trip may fall on a Tuesday morning, whereas another month the field trip may fall on a Thursday afternoon. All the days will rotate. So if a field trip is scheduled on a day where your child normally attends classes, you have two choices. 1. You may accompany your child to the field trip. 2. Choose to keep you child home. One important point – the field trip days will work the same as they do now. They are always elective and parent participation is required and we will not transport the child.

A calendar will be created as soon I receive the Temecula Valley School calendar since we try to roughly follow their start and finish dates. We will incorporate four Monday holidays (Labor Day, MLK Day, Presidents Day, and Memorial Day) as these are federal holidays. Therefore, if you choose the MWF three day programs, the tuition will be less than it is currently with a three day program. It will change from the current \$270 per month to \$265 per month.

Please let me know if you have further questions. Thanks for your continued prayers and support.

Miss Mindy
