

# SUMMER Bible Venture

God's Awesome Power!

## July 5—July 9 2010

### Hey Bible Adventurers!

*"How is a rainbow formed?" "What makes popcorn pop?"*

Kids are fascinated by the way the word works, and they love to learn about the science behind everyday phenomena. We are ready to tap into this natural fascination and help kids learn about God's power and his plan for each of us!

You are invited to join us at Seedsowers Montessori for a one week summer camp with Bible Venture Centers: God's Awesome Power! We will have opportunities all week for hands-on exploration of God's Awesome Power through creative learning that will reveal the glory of God through his creations.

We will spend the week acting, crafting, playing games, and other surprises.

Best of all, you will experience God's word!

So put on your lab coats and pull out your magnifying glasses. Get ready to experience the amazing world of science —God style!

**Date: July 5—July 9 (Mon—Fri)**

**Time: 8:30— 11:30**

**Ages: 3 — 6 year olds**

**Cost: \$95 for the week**

**SPACE IS LIMITED**

**Venture Verse for the week:**

**"In the beginning  
God created  
the heavens  
and the earth."  
(Genesis 1:1)**
